2023-11 Kona meeting information

The autumn 2023 meeting of WG 21 is being hosted by the Standard C++ Foundation and WorldQuant on **November 6-11, 2023**, online via Zoom and in person at:

> Courtyard by Marriott
> King Kamehameha's Kona Beach Hotel
> 75-5660 Palani Rd
> Kailua-Kona, HI, USA 96740

The hotel is both the in-person meeting location and the recommended lodging. Internet access is included in your hotel room rate and provided in meeting spaces.

Remote participation

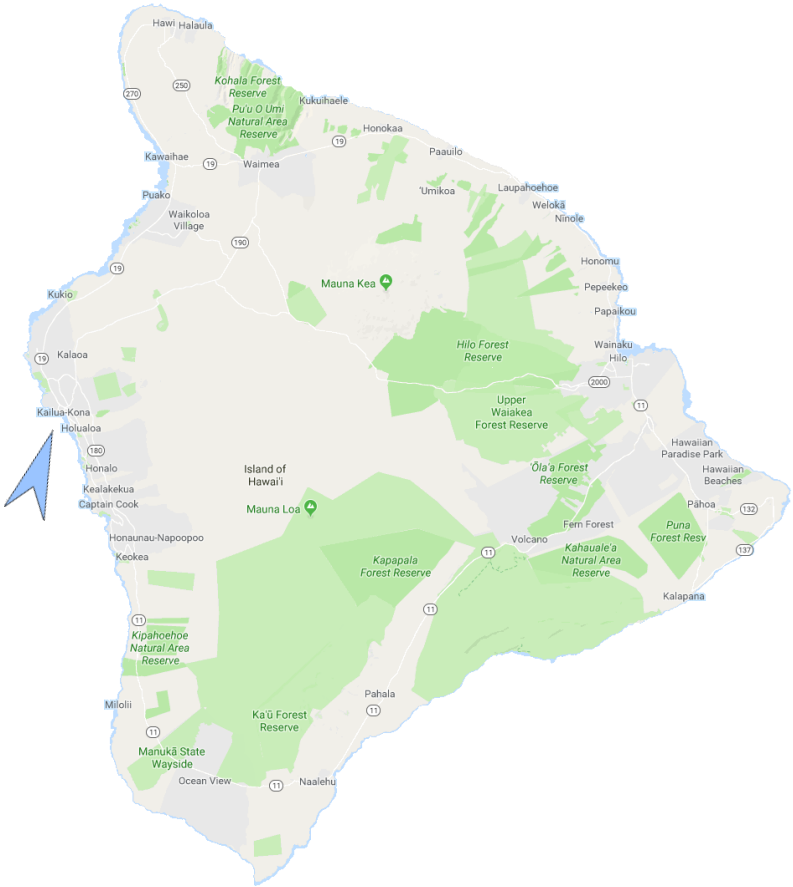
Zoom participation information and updates will be provided before the meeting via the "meeting" email list and on the Kona 2023 meeting wiki.

In-person participation

Hotel. Please **register using this link** by October 4, 2023; after that date the room rate can be booked if rooms are still available but availability is not guaranteed. You can also register in the **"WG 21 Conference"** room block by calling +1 800 367 2111 or +1 808 329 2911. Reservations can be cancelled without penalty up to 48 hours before arrival. The $22 "destination amenity fee" is waived for our group and will be credited in your guest folio.

Travel and transportation. Kona is served by Kona International Airport (KOA). You can take a taxi to the hotel or reserve a shuttle via SpeediShuttle. A car is not required for the meeting, but if you have one the hotel is a 20 minute drive from the airport, and hotel parking is available for $12 per night for guests in the WG 21 room block.

Meals and refreshments. Coffee and tea will be provided at the meeting for mid-morning and mid-afternoon breaks. Attendees are responsible for their own meals, and you will find many dining options available within walking distance, including the hotel café and restaurant.

Weather. Kona weather is tropical and usually sunny, with occasional rain showers possible. Meeting rooms are air-conditioned, so consider bringing a light sweater.


★ **Welcome orientation.** We invite newer attendees to an informal orientation on **Sunday November 5 at 6pm** starting in the meeting hotel lobby and then taking a walking tour through the meeting areas. This will cover information about the wiki and email lists, how subgroups work, and any questions you have about what to expect during the week.
