Title : Italian comments on WDTR 10000-1.3 (SGFS N442)

Source : UNINFO

Status : For discussion during the SGFS Plenary Meeting,  
June 15-19, Washington D.C., USA

Note :

## ITALIAN COMMENTS ON WORKING DRAFT ISO/IEC/TR 10000-1.3

- 1) Introduction (Page 2, line 15)  
Consider addition of following text (see also page 7, lines 8, 9):  
Profiles may also provide a basis for integration infrastructures with an open architecture, suitable for portability and/or interoperability of application software.
- 2) Clause 1 "Scope" page 3, lines 49, 50)  
Consider insertion of following text:  
\* Open architectures  
\* Integration infrastructures
- 3) Clause 3 "Definitions" (page 5)  
Consider moving Definitions to appear before Scope (page 3).  
Consider the additional Term "Taxonomy" for appearance in clause 3.1.
- 4) Clause 6.1.1 "Reduction of optionality " (page 8, lines 4 to 7)  
Consider replacing example provided, starting at the end of line 4, with the following text:  
(see Principles of Profile Content: Paragraph 6.3.1 a)).
- 5) Clause 6.3.2 "OSI Profiles (page 11, line 20)  
Amend type : Par. No is 6.4.2
- 6) Clause 7.1 "Nature and Purpose of the Taxonomy" (page 14, line 31)  
Consider replacing "ISO/IEC/TR 10000-2 provides" with "Subsequent parts of ISO/IEC/TR 10000-1 provide".
- 7) Clause 7.2.2 "Application environment Profiles" (general)  
Consider whether the Taxonomy of AEPs (to be) defined in ISO/IEC/TR 10000-3 should be described as containing "generic" profiles for Open System Environments (OSE), for reference by AEPs in subsequent parts of TR 10000-3.
