Title : German comments on 3rd WDTR 10000-1.3 (SGFS N 817)

Source : DIN

Status : For discussion during the SGFS Plenary Meeting, July 5-9, 1993,  
Seoul, Korea

Note :

SGFS N...

**Subject:** German comments on 3rd WDTR 10000-1-3 (SGFS N 817)

**Source:** Germany

The following comments are submitted by DIN:

1. Section / Page, Line(s): **Scope** / 1

Figure 1 should be aligned with Figure 1 of WDTR 10000-3;

2. Section / Page, Line(s): **Scope** / 1, 11-15

This reader of this paragraph gets the impression that OSI and TR 10000 Part 2 are non-existent. It is suggested to include in this paragraph a reference to OSI and its taxonomy, as well as the positioning of OSI vis-a-vis/within OSE.

3. Section / Page, Line(s): **Scope** / 2-3, 28-3

TR 10000-2, although its title refers to OSI, is covering more than OSI. The following examples demonstrate this:

- Interchange Format and Representation Profiles
- Manufacturing Messaging
- Library and Documentation

These facts should be properly reflected in the text of this paragraph.

4. Section / Page, Line(s): **Definitions** / 5, 5

*Done*  
The definition of "Conformance Testing" should be improved. Conformance testing does not verify the "extent" of conformity. The philosophy of conformance testing is that non-conformance only can be proven and that the test cannot be exhaustive. Therefore it is suggested to use the following definition, which is in-line with the text of 9646-1: "test if an IUT complies with the requirements of a specification (in OSI: a protocol or a profile or a transfer syntax)".

5. Section / Page, Line(s): **Definitions** / 5

Add the definition of "taxonomy" as defined on page 15/line 27, or page 7/line 28.

6. Section / Page, Line(s): **The relationships to Registration Authorities** / 10, 7

Proposal to substitute the title by "Registration of object types".

✓ 7. Section / Page, Line(s): **Principles of Profile Content** / 11, 34

Replace "function" by "profile".

✓ 8. Section / Page, Line(s): **Framework of The Taxonomy of Profiles** / 15, 31

Proposal to substitute "further levels of structure" by "classification scheme (taxonomy classes)".

9. Section / Page, Line(s): **Framework of The Taxonomy of Profiles** / 16, 5

Proposal to substitute "further levels of structure" by "further level elements (sub-classes)".

10. Section / Page, Line(s): **Elements of the taxonomy** / 16, 14-21

This text is redundant (repetition) and therefore should be deleted.
