

March 28, 1991

TO: P and L Members

ISO/IEC JTC 1  
INFORMATION TECHNOLOGY

Dear Members:

At the Washington, D.C. meeting of the ISO/IEC JTC 1 Advisory Group, 19-21 February 1991, Resolution 3 - "Letter Ballot Period on ISPs" was approved.

In this resolution the JTC 1 Advisory Group recommends to JTC 1 that the letter ballot period on International Standardized Profiles (ISPs) be changed from three months to four months with no extensions.

Unless objections to this proposal are received by the JTC 1 Secretariat prior to Friday, 17 May 1991 we will assume your concurrence with the resolution and the ITTF in Geneva will be notified of the new ballot period for ISPs.

Thank you for your attention to this matter.

Sincerely,

Frances E. Schrotter  
Secretariat, ISO/IEC JTC 1
