Title : AFNOR comments on Resolutions 9 and 10 of the SGFS Washington meeting, 15-18 June 1992

Source : AFNOR

Status : Discussed during the SGFS Authorized Subgroup Meeting, December 1992, London

Note :

## COMMENTS ON RESOLUTIONS 9 AND 10 OF THE LAST SGFS MEETING (15-18 JUNE 1992)

AFNOR has applied Resolution 9 and 10 on the need for associating users to the process of identifying requirements, and would like to report its findings to SGFS :

Users want to stress the importance of controlling the number of functional profiles defined by SGFS. Profiles have been defined in order to help users by identifying the **MOST** ~~most~~ useful combinations of base standards.

Proliferation of profiles would be counterproductive and would jeopardize the efficiency of the profile concept. Users recommend that SGFS investigates a possible process for this control.
