Title : Numbering of SGFS documents - Proposal to SGFS Secretariat

Status : For discussion during the SGFS Plenary Meeting, July 5-9, 1993,
Seoul, Korea

Note :

TITLE : Numbering of SGFS documents - Proposal to SGFS Secretariat

Source : AFNOR

AFNOR proposes to SGFS Secretariat to allocate a new numbering scheme to SGFS documents dealing with ISP process while at the same time keeping the existing scheme for the other documents, such as :

- . explanatory reports for PDISPs
- . PDISPs
- . review reports for PDISPs
- . DISPs
- . disposition of ballot comments
- table of replies and comments from ISO/CS
- . calling notice of ballot resolution meeting on DISPs
- . final texts of ISPs
- . maintenance of ISPs.

This numbering (SGFS/ISP/N xxx for example) should allow a more efficient management of SGFS documents by experts involved in SGFS work, by separating documents which pertain to the ISP process and those which relate to the management, procedures and general information of SGFS itself.
