Title : PDISP Review Proforma

Source : ISO/IEC JTC1/SGFS

Status : Approved by the SGFS Seoul 1993 meeting

Note :

REVIEW PROFORMA

1-Identification of the pDISP(s) under review	...
2-Deadline for the review	...
3- Contact point for the ISP has been identified by the pDISP organization	...
4- JTCl SCs or CCITT SGs which have been advised on the conformance material in the pDISP	...
5-Degree to which international harmonization has been achieved. Is there another current or planned ISP in the area ?	...
6- Has the pDISP associated profile position in the TR10000 taxonomy been identified ? Has the taxonomy entry been approved already, or is the change balloted at the same time as the pDISP ?	...
7-Name of the Review expert	...
8- Please assess the accuracy of the explanatory report vs technical consistency in the use of base standards including conformance aspects (please evaluate consistency with base standards, as opposed to profile functionality which is not being questioned here)	...
9- If the pDISP specifies ISO/IEC standards and CCITT Rec which contain identical or aligned text, are both referenced in the ISP ?	...

10-If national or Regional standards are referenced, please assess the case for their inclusion, esp whether the references are informative or normative, and note exceptions.	...
11- Is the list of amendments and technical corrigenda complete, with statement of whether they are applicable or not to the pDISP ?	...

Note to the reviewers:

Answers to questions 7 to 11 will allow the review group convenor to assess the acceptability of the pDISP. It is suggested that further technical comments that you may have be submitted through your National Body during the DISP ballot period.
