

## **Announcement of the SGFS WWW page**

Further to the email SGFS.150 (dated January 22,1996) I am pleased to announce the creation of the SGFS WWW pages. The URL of the SGFS Home page is

**<http://www.dkuug.dk/JTC1/SGFS/>**

Most of the work is done by Mr. Keld Simonsen, on behalf of the Danish Standards Association. Please review the contents of the pages and give your comments.

Specific points on which comments are invited are:

- The current list of contacts only identifies myself as chairman, Peter Bessems as secretary and Keld Simonsen as WWW page maintainer. It is possible (if deemed useful) to add NB representatives (HoD's) as contact points. If you want your name to be added, please let me know (including address information that you want to be there, emailaddress etc).
- Liaison organizations are only mentioned by name, without further detail. Again, let me know what additional information that you want to see there.
- Some liaison organizations (and Nbs?) have own WWW pages that either could refer to the SGFS pages, or could be referred to from the SGFS page. If you have suggestions in this area, please let me know.
- In those cases where an SGFS document is (also) distributed by email, it is possible to add a link (under the appropriate number) from the document register to that email, thereby allowing for on-line access to a limited set of SGFS documents. As it is not clear whether or not this is permitted (in all cases), it is not done yet. Opinions on this subject are welcomed.

Send all comments and/or additional information either to the SGFS secretariat or the SGFS emaillist ([sgfs@dkuug.dk](mailto:sgfs@dkuug.dk)) if you want to discuss the issue first, or to Keld ([keld@dkuug.dk](mailto:keld@dkuug.dk)) and me ([willemw@ace.nl](mailto:willemw@ace.nl)) if the material is suitable for straight inclusion.
