JP			Ge	<p>Japan disapproves CD 10967-1.</p> <p>This draft contains "EDITOR'S NOTE"s, for example, in 1.1 (Scope / Inclusion). It reads as follows.</p> <p>Some operations specified in part 2 (ISO/IEC 10967-2) are included by reference in this document, making them required rather than optional.</p> <p>EDITOR'S NOTE - TO DO: move them completely to this document</p> <p>We understand, from these sentences, that there are some decisions yet to be made. Namely, the current document is not mature enough to check its technical soundness, thus we cannot accept it in its current form.</p>		<p>The document under ballot was a CD, where it is allowed to have Editor's Comments.</p> <p>The Comments will be removed by the FCD ballot.</p>
