JTC 1/SC34 and Ecma

- Goal: Establishment of a working relation between SC34 and Ecma International.
- Rationale:
- Ecma is preparing a standard on Office Open XML (OOXML) that it intends to Fast-Track via ISO/IEC JTC 1.
 - Very likely the subject will be assigned to JTC 1/SC34.
- Planning:
- Current version is WD1.3, open for public comment.
 - Submission date for FT:
December 2006

1. Intermediate drafts
WD1.3 available from:
http://www.ecma-international.org/news/TC45_current_work/TC45-2006-50.htm
2. Max. 2 experts from and SC34 P-member can participate in Ecma TC45 meetings. The maximum total number of such experts is 5.
3. Options:
 - a. Email liaison reflector for registered SC34 experts
 - b. Liaison ftp site for distribution of interesting working documents accessible for registered SC34 experts.

Industrial companies and NFP organizations that want to participate actively themselves in the development of the OOXML – and other – Ecma standards must join Ecma
