**Subject:** U.S. Comments on ISO/IEC JTC1/SGFS N 353, Document distribution within SGFS

In response to SGFS Berlin Resolution 17, the U.S. has discussed documents SGFSN353, concerning the distribution of SGFS documents, and SGFSN417, the U.K. response. The U.S. agrees with the UK response that it is vital that the SGFS membership continue to receive all the documents associated with the ISP approval process.

Concerning distributions to others beyond a few points of contact in each National Body, alternate (or no) distribution plans could be considered.
