Dear Mr. Holman,

Invitation to hold the ISO/IEC JTC 1/SC 34 plenary and WG meetings in Norway

It's a great pleasure for me to invite ISO/IEC JTC 1/SC 34 to hold its plenary and WG meetings in Norway in April (the exact time to be confirmed).

Standards Norway is grateful to have the cooperation of the Organizing Committee of Topic Maps 2008, who has willingly offered to sponsor the meetings. The meetings will be in conjunction with the Topic Maps 2008 conference.

Topic Maps 2008, The Second International Topic Maps Users Conference, will take place in Oslo on April 2-5, 2008, see <http://www.topicmaps.com/tmc/conference.jsp?conf=TM2008>. Proposed dates for the meeting is after the conference, April 5-8, or 5-9 if you need five days. An alternative is before the conference, March 29 to April 1, or March 28 to April 1.

We understand that due to the latest expansion of the committee, it may be difficult to predict the number of attendees. If JTC 1/SC 34 chooses to accept our offer, we hope to receive an estimate of the meeting room requirements just after the meeting in Kyoto.

We hope this offer is of interest and look forward to hearing from you soon.

Yours sincerely
Standards Norway
