AGENDA

J16 Meeting No. 33

WG21 Meeting No. 28

April 30 - May 4, 2001

The Project Editor has completed a draft of the first proposed Technical Corrigendum, included in the pre-meeting mailing. There will probably be additional issues regarding the TC to be settled at this meeting.

The primary focus of this meeting will be continuing work on Defect Reports, and review of the TC. The project editor requests that the committee vote on the technical content of the TC draft, subject to editorial corrections. In particular, the format of the TC might need to be modified to meet ISO requirements.

The performance working group will continue work on the Technical Report on C++ performance issues as schedule permits.
