### **Open Action Items and Unimplemented Resolutions**

This is the "To Do" list for WG 9. Some are informal action items assigned to various participants. Some are formal resolutions, which are not yet implemented. Some items are simply in suspense awaiting action by other groups.

**AI-78-3:** WG 9 members should individually prepare to discuss WG 9 work items after delivery of Ada 202x. Examples could include: additional activities for the HRG along reliability and security lines; co-joining efforts with the real-time workshops in order to produce standards-related documents; adoption of SPARK and its environments into the WG9 scope.

To be discussed at the upcoming meeting.

Status: Open

**AI-81-3:** Pat to get the WG 9 documents transferred to the ISO Documents facility.

Status: Open

**AI-82-2:** Alejandro to submit sections of TR 15942 to WG 9 as they become available.

Status: Open

**AI-83-1:** Tullio and Pat to investigate the amount of effort required to move TR 24718 to a standard.

Status: Open

**AI-83-2:** Pat to submit WG 9 request to SC 22 for a PWI for the next version of Ada.

Status: Done (approved)

**AI-83-3:** Tuck to explore potential for our next meeting to be with HILT in October. The AdaCore office in Boston is an alternative.

Status: Done (virtual; the Boston office was not an option)

**AI-83-4:** Pat to request that Alok Srivastava be listed in the WG 9 Global Directory as the SIG Ada liaison to WG 9. (Request to go to Bill Ash.)

Status: Done

**AI-83-5:** Tuck to email link to a Google Drive doc containing the DIS for WG 9's review.

Status: Done
